6. Results

- Results will be released at 09:00 (UK time) on 30 November 2020.
- Test-takers can use [Metritests system](#) to check results and release them to their chosen institution(s) using the login details from your Confidential Results Information sheet.
- You need to select which other institutions receive your results. This can be done at any stage after taking the test, though you may want to wait till results are released if sharing results is optional for that course/institution. It's a good idea to make your selection(s) as soon as possible after the results are released, to ensure the institutions receive them in good time. Please check the institution website for any information about when they need the results.
- Please only share results with institutions/courses to which you have already applied or intend to apply via UCAS. Shared results that are not supported by a UCAS application will not be considered by any UK institutions.
