## Step-by-Step Writing Lessons for K-1

**S**traight from the classroom, these 75 age-perfect mini-lessons provide the tools and strategies young children need to become successful writers. The authors—all experienced classroom teachers—share their highly successful lessons for teaching:

- Basic routines
- Concepts of print
- Planning what to write
- Punctuation
- Storytelling
- Revision
- Spelling
- Spacing words
- And more!

Many of the lessons include suggested anchor books to demonstrate specific writing points, modeling tips, and guided and independent practice activities. You're sure to find just what you need to keep your Writer's Workshop running smoothly and help your budding authors become more confident writers.

**Waneta Davidson** taught third grade for 15 years and kindergarten for 13 years. She is currently the Literacy Coach at Branson Primary School in Branson, Missouri.

**Denen Wuest** has over 16 years of experience teaching kindergarten, first grade, and second grade. She is also a trained Reading Recovery teacher and Literacy Coach. She currently teaches kindergarten at the Branson Primary School in Branson, Missouri.

**Deanne Camp** is a professor of reading and Director of the Graduate Reading Program at Missouri State University. She has been an educator for more than 30 years, teaching elementary school first, then courses at both the undergraduate and graduate level. She is the author of Scholastic's *Pairing Fiction & Nonfiction: Strategies to Build Comprehension in the Content Areas*.

Learn to write better  
academic essays

Els Van Geyte

Academic Skills Series

Collins

## Writing

This book gives you the skills you need to write well-structured  
essays, reports and case studies to succeed at university.

Learn how to interpret the question, structure your work, reference  
your sources, avoid plagiarism and understand your reader.

- Clear information and practical exercises
- A step-by-step guide to the writing process including a complete  
2500-word model essay
- Information on academic expectations to help you understand  
what is required
- Helpful tips and summaries
- Answer key and glossary

This book provides materials for approximately 50 hours of study.

### Academic Skills Series

**Writing** is part of a new six-book series to help international students achieve  
academic success at college or university. It is designed to support students who are  
studying, or preparing to study, at an English-speaking institution. Also available:

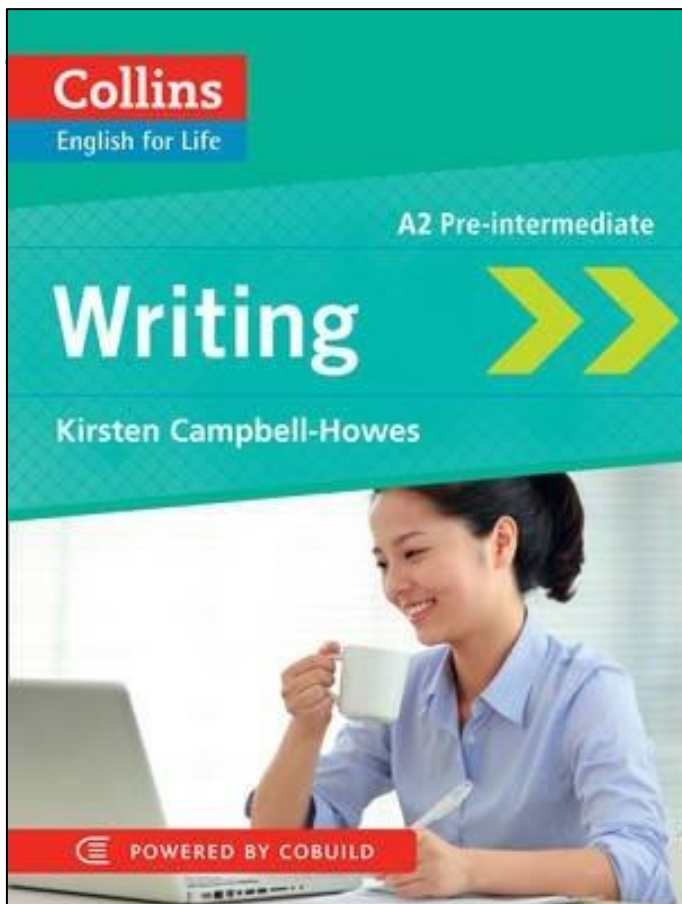

### You can trust Collins COBUILD

**Writing** contains a Glossary with definitions  
based on COBUILD content. The 4.5-billion-word  
Collins Corpus is the world's largest database  
of the English language. The Corpus is updated  
every month and has been at the heart of Collins  
COBUILD publishing for over 25 years.

# THE NEW OXFORD GUIDE TO WRITING

THOMAS S. KANE

WRITING / REFERENCE

"Guides to writing—some in print, others in software—continue to proliferate; the best-written this year is *The New Oxford Guide to Writing*."

William Safire,

*The New York Times Sunday Magazine*

Many handbooks on writing offer reliable advice on specific aspects from punctuation to style. *The New Oxford Guide to Writing*, however, covers all aspects of writing, so that no matter where you find yourself in the writing process—from the daunting look of a blank page, to the rough draft that needs shaping, to the small but important questions of punctuation—you will find what you need in one handy volume.

Highlighted by numerous examples of successful prose this stimulating volume covers the entire subject step-by-step, clearly and authoritatively. It shows:

- How to use commonplace books and journals to store ideas, brainstorming techniques, how to explore a potential topic systematically
- How to use drafts and revisions (and more revisions) to refine your ideas
- The best way to open an essay clearly and interestingly, how to lead the reader subtly, ways of using qualifications to express complexity without sacrificing impact
- How to organize ideas into a coherent paragraph, how to vary sentence structure and length for variety and emphasis

In addition, it contains a useful appendix on punctuation, ranging from commas and periods to underlining and capitalization.

Whether you write for business or for pleasure, whether you are a beginner or an experienced pro, *The New Oxford Guide to Writing* is an essential addition to your reference library, providing abundant assistance and encouragement to write with more clarity, more color, and more force.

Thomas Kane was formerly Professor of English at the University of Connecticut at Waterbury. He is co-editor of *The Short Story and the Reader* and *Writing Prose*, Sixth Edition, both with Leonard J. Peters.
