About the British Council

The British Council is the UK's international organisation for cultural relations and educational opportunities. We create friendly knowledge and understanding between the people of the UK and other countries. We do this by making a positive contribution to the UK and the countries we work with – changing lives by creating opportunities, building connections and engendering trust.

We work with over 100 countries across the world in the fields of arts and culture, English language, education and civil society. Last year we reached over 75 million people directly and 758 million people overall including online, broadcasts and publications. Founded in 1934, we are a UK charity governed by Royal Charter and a UK public body.

The British Council provides learners with a rewarding and stimulating English language learning experience. Our teachers, who receive world-class training and use highly effective teaching methodologies, aim to help all learners reach their full potential. This is achieved through respecting our learners as diverse individuals and encouraging them to be active participants in their own learning.

We firmly believe that all children have potential and that every child matters – everywhere in the world. Children are a top priority as they have a unique honesty and willingness to exchange knowledge and ideas that can meaningfully build trust and make a sustainable difference in the future worldwide.

When students book an English course with us, we promise:

- experienced, internationally qualified teachers who have an expert level of proficiency in English and will get the best out of each student
- 100% face-to-face lessons based on constant interaction between students and the teacher
- specially designed courses which complement the Secondary English language curriculum and help prepare them for the DSE exam
- regular feedback throughout the course and encouragement as students progress with their learning.

Meet our teachers

Our teaching team comprises a diverse and varied group of English speakers. We believe that this diversity brings great value to us as an organisation and also to you, our customers and students. Our Hong Kong team of over 110 teachers is trained to help students achieve their goals. What all of our teachers share is a commitment to quality education and the skills, experience and training which will help them deliver on that commitment.

Internationally qualified

All British Council teachers are experienced and internationally qualified. In addition to a first degree, they all hold professional teaching qualifications.

Experienced and up-to-date

The British Council has been helping students around the world for over 80 years and remains at the forefront of English language teaching. Our teachers receive continuous professional development on employing the latest teaching methodologies, techniques and technologies for teaching modern, real-life English.

Our teaching methodology

At the British Council, we help our students maximise their English learning potential. We use the most effective methodologies for developing real communicative ability. We believe that genuine face-to-face interaction between students, and with the teacher, is the best way for students to learn English.

Sign up for one of our courses and master the language skills that you need to be successful in your school exams, in the DSE exam and in global society.

Our Secondary and DSE courses:

- are taught by experienced and internationally qualified teachers in a small-class setting which is focused on interaction between teacher and students
- develop your speaking skills and pronunciation, and consolidate your knowledge of grammar through engaging lessons with lots of speaking opportunities, unlike 'one-way' tutorial-style lessons
- help you learn English by using topics you care about, with a stimulating and motivating curriculum that sparks your creativity and lets you express yourself fully
- help you prepare for English exams at school by providing regular practice of exam skills
- help you prepare for the DSE exam by giving you the opportunity to apply the exam skills you have developed to DSE-style tasks
- help you develop your critical thinking skills and confidence to benefit your everyday communication in our internationalised world
- use a wide range of learning materials, including videos, songs, websites, computer games, books and magazines, to help you understand the formats, genres and styles of English that you will encounter in the modern world.

Secondary Plus

NEW

S1–S4

Our new Secondary Plus courses for S1–S4 students focus on developing authentic English and will equip you with skills that you can use in exams and the world beyond the classroom.

These **project-based courses** prepare you so that you can become a confident and competent user of English. You will:

- be exposed to rich and meaningful real-world language use
- explore patterns of language use
- carry out engaging and relevant tasks
- construct a broad and solid knowledge base of the modern world by linking what happens in the classroom to life across this city, Asia and the world.

The courses improve your understanding of the lives and cultures of others and how these compare with your own (an important

part of building multiple perspectives). They also develop your citizenship, critical-thinking and leadership skills.

Academic and exam skills are integrated into each module. Language contexts are matched with local school curricula and the demands of school exams, with different formats of tasks and example answers being analysed. You will:

- learn strategies for answering exam-type questions well
- understand the skills needed to succeed in reading, writing, speaking and listening papers.

Course fee

HK\$5,350 (Mon to Thu) or
HK\$5,880 (Fri) or
HK\$6,450 (Sat to Sun) per semester

Course length

19 weeks, 38 hours (September
and February semesters)
One 2-hour lesson per week

You will use online and in-class activities to develop and revise your language skills and follow a curriculum that supports personal growth by treating you as an individual.

The course involves online research and independent pre-lesson preparation in order to maximise time for learning and interaction in class. You will regularly receive **personalised written and oral feedback from teachers** on your performance and development. The Secondary Plus online platform provides grammar, reading and listening practice activities that allow you to consolidate and extend your learning.

Holiday Intensive Courses

We also offer intensive courses during the Christmas and summer holidays, which provide students with fun and practical English-learning experiences during their break.

Parent, family and student support

We ensure that parents and families are well informed about the centre and their child's progress in class through various methods of communication.

These include:

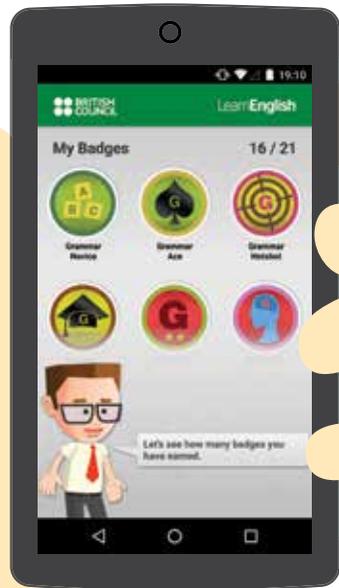

- parent information booklets
- report cards
- SMS messages or telephone calls (for example, if a student misses a class, we will contact their parent as soon as possible)
- parent and student events
- our website and Facebook pages.

Our aim is to continually improve the products and services that we offer and we are always happy to hear suggestions and ideas.

Special educational needs

We are committed to providing an inclusive learning environment in which students are given the support, wherever possible, to achieve their potential in a spirit of inclusion and acceptance. We value the abilities and achievements of all our students. We recognise that parents and families hold key information and knowledge about their child. If a child has a specific educational or medical need, we ask that parents share this knowledge at the time of registration. Lift access is available at all British Council English language centres in Hong Kong.

The British Council has a wide range of free online resources to help children and teenagers learn English. The resources include videos, mobile apps, games, stories, listening activities and grammar exercises.
