Build confidence that goes beyond language skills with our primary courses! On our courses your child will learn English and so much more, developing the skills they need to succeed in the upcoming academic year.

Creative English Courses

Your child will develop their English and life skills as they work together to complete a fun and interactive project. They will learn how to form and express opinions and discuss and compare ideas as they participate in activities based on engaging real-life situations. As well as building confidence and developing all-round English skills, they will develop important 21st century skills, such as leadership, critical thinking and communication to help them succeed in the future.

Your child will

• co-operate with their classmates to work on and present a communicative project that encourages higher-order thinking with measurable outcomes
• learn to build accurate sentences and write creatively
• develop and refine their presentation skills and pronunciation so that they can express themselves confidently in English
• complete interactive exercises that relate to the theme
• build a significant bank of new vocabulary and phrases related to various topics and real-life situations.
